

WG-640 LITE CUT 3

WG-640 Lite Cut 3 combines our signature flexibility, dexterity and grip, while offering excellent cut resistance (ISO 13997 grade C). Developed using our proprietary high performance blend of reinforced nylon and mineral fibre, WG-640 Lite Cut 3 is the ideal glove for all your applications requiring medium-level cut resistance in dry, humid and oily environments.

KEY FEATURES

- ✓ Lightweight seamless liner offering sensitivity at fingertips with cut level A4/C protection
- ✓ Anatomically engineered, reducing hand fatigue and increasing comfort
- ✓ Proprietary foam nitrile coating, providing a secure grip in wet and slightly oily environments
- ✓ Exceptional dexterity and tactility, thus surpassing industry standards

TYPE OF PROTECTION

- Cut resistance

APPLICATIONS

- Assembly
- Automotive
- Metallurgy
- Waste management

NORMS AND CERTIFICATIONS

EN 388
